

PAP AIRPORT GUIDE!

Byenvini a Ayiti!

Your leaders should have all your travel plans before you arrive but if your plans do change please make sure you send them an email regarding those changes, 24 hours prior to your flight.

You'll need an address to put on your Immigration form that is passed out on the plane and the green card that you receive from customs (if you do not have this address they will not let you through). Use this one:

**#19 Rue Pelican, Clercine 4
Port-au-Prince, Haiti**

Contact #: Steph (+509) 4642.3651

Airport Information:

- ◆ After landing you will go through customs. The first thing you will need to do is give a \$10 tourism fee. Then head to the agents and give them the green card you should have received on the plane. (There are extras there if you didn't get one). They will keep half and give you half. Don't lose it. That's your visa while in country and you'll need to return it when you depart.
- ◆ Proceed to baggage claim. *If your bag does not arrive, don't worry. Go to the airline kiosk and give them your info and we can come back in a day or two to get your stuff. That said, bringing an extra shirt/ underwear/ toiletries in your carry-on isn't a bad idea. As you leave baggage claim be sure to have your little baggage sticker that the airlines give you handy. They'll want to make sure you're taking the right bag.
- ◆ As you leave the area and head outside. You will be approached by men in red caps who want to carry your bags. Please know that these people do get paid for their service. We recommend you say a friendly, but firm "No Mesi" and keep walking. If you physically can't carry all your stuff, just use one person, not all 27 who want a piece of you.
- ◆ As you leave, walk straight and cross over the parking lot and your leaders should be right there with all the other people waiting. If you can't find us, go to the garden area that's just behind all the people and wait there. Either we'll find you or feel free to give Steph or your leader a ring (again 509.4642.3651). Don't attempt to leave the airport and find Haiti Communiterie on your own. We'll find you as soon as we can!
- ◆ We'll have a driver with us who can carry all your luggage back to base but then, time permitting, we'll most likely walk the rest of the way. It's only 20 minutes and a great way to dive right in. But yes, it will be hot.
- ◆ Welcome!
